Clear Creek CSD

CANCELLATION OF ALL BOIL WATER ADVISORIES

On September 2, 2025, customers affected by the recent water outage were issued a boil water advisory. The notice was issued as a precaution after a 10-inch main ruptured which resulted in a water outage or low pressure. Under low pressure conditions, contaminated water can enter pipes and contaminate the distribution system.

The repairs to the water main have been completed and water sample results show that the water is now safe to drink.

It is no longer necessary to boil your drinking water or use bottled water.

For additional information you may contact:

- Jim Wadleigh, District Manager at (530) 357-2121
- Morgan Rau, Distribution Supervisor at (530) 357-2121
- Steve Watson, State of California: Division of Drinking Water at (530) 224-4828.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly. You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by the Clear Creek CSD in conjunction with the State Water Resources Control Board, Division of Drinking Water.

Date issued: Thursday September 4, 2025
