What's new!

Board of Directors

Irwin Fust – Director

Chuck Jones – Vice
Chair

Beverly Fickes –
Chair of Board

Terry Lincoln –
Director

Scott McVay -
Director

General Manager:
Paul Kelley

** Board Meetings
are the 3rd
Wednesday of each
month. 6:00 P.M.

The Board has been Busy and off to a new Year

We did get a lot of rain (and snow in the mountains) late December through mid-January. The Whiskeytown glory hole did spill, so we have some hope for a better water year. We are waiting to hear from the Bureau on their water year projections. We are continuing to work on updating the District website – past meeting minutes are up to date and we are working to get more space on the website for meeting packets and more.

The Board had a special meeting early in the Month to review the new MOU for the District employees.

Water Restrictions and Penalties:

The CCCSD board of Directors at the regular meeting in January reviewed the penalties and made no change to the current policy of penalties.

A message from your General Manager:

It was a pleasure to visit the community meeting and provide a district update. I have found this web link for those needing help with water bills: <https://www.csd.ca.gov/waterbill>. When you go to this site, put in your zip and select the “Water Bill Assistant Provider” in our area. They have energy bill assistance as well as selecting water only assistance. We are pleased to have more new faces at the District – Account Clerk and Administrative Assistant – remember they are learning so – please be kind and patient when communicating with staff or visiting the office.

~ Paul Kelley

Clear Creek Community Services District is committed to our mission to provide Clean and Safe water to you our Customers and Community

Drought Restrictions & Penalties

Please be aware that penalties are in place for water over usage. The State and Bureau still consider us in a drought. You are allotted 75 % of your 2019 monthly usage OR 40 units / HCF whichever is greater.

The Board reviewed this at the January meeting, and kept the penalties in place for this month. If you go over your allotment, you will still be notified.

1 unit / HCF = 748 gallons

Reminder of the Penalties schedule:

< 5 HCF	\$50
5.1 – 10 HCF	\$100
10.1 – 20 HCF	\$400
20.1 – 50 HCF	\$600
50.1 – 100 HCF	\$800
>100 HCF	\$1,500

Meter Reading Dates

You can contact the office to get your meter reading but please give the staff a few days after the meter reading dates to get all reads downloaded and input into the software. You can also read your meter yourself in order to keep track of your usage. If you don't know how, contact the office and the staff will gladly explain or go onto the website, click on the Customer Service tab, select "Meter Reading" and "tips on meter reading". Here are some future meter reading dates:

**** 2023 ****

- February 14-17
